CME accredited

Faiza Al Ali, MD

Dermatologist & Dermatopathologist
Founder & President of **DIAD-DIAL**
Dubai Health Authority, UAE

Welcome to

— **1st** NOVEMBER 10-12, 2016 DUABI, UAE
The Meeting of Dual Event
DIAD-DIAL

حياكم hayyakum

Dermatopathology is a specialty that needs a philosophical way of thinking while approaching a slide. It is amazing how cells can artfully create your vision of a most likely diagnosis.

Another exciting field, in rather a different way, is aesthetics. It is astounding how science can formulate beauty with the aid of light-based technology and injectables, only if used in a proper way.

Even though they might look different, I find many correspondences between these two areas, not just being sections of the same specialty. They share both enormous challenge and conceptual art.

DIAD comprises the challenge and art of definite diagnosis, while **DIAL** entertains the challenge and art of favorable treatment.

I think of them as the most enchanting duet in the field of dermatology. Bringing them together is an attainment, as are many missions in the extraordinary city of Dubai.

Win-Victory-Love

Not only a breathtaking city, a dynamic business center, and a tourist paradise; Dubai has exceeded all expectations to set a whole new standard of distinction.

“Winning” Expo 2020 showed that dreams can be turned into reality through enterprise and passion.

“Victory” is evidently attained as Dubai became a brand of luxury and fulfillments. Glancing at any spot of the city; impressive achievements captivate your mind and fascinate your soul.

“Love” is the melting pot that serves as a second home for a blend of nationalities in this rich culture.

HH Sheikh Mohammed Bin Rashid, Vice President, Prime Minister of the UAE and Ruler of Dubai, introduced an innovative logo symbolizing the trademark of his nation's success. Three-fingered salute, Win, Victory and Love. In a statement, he said: ***“Dubai will bring to life our vision: Connecting Minds, Creating the Future.”***

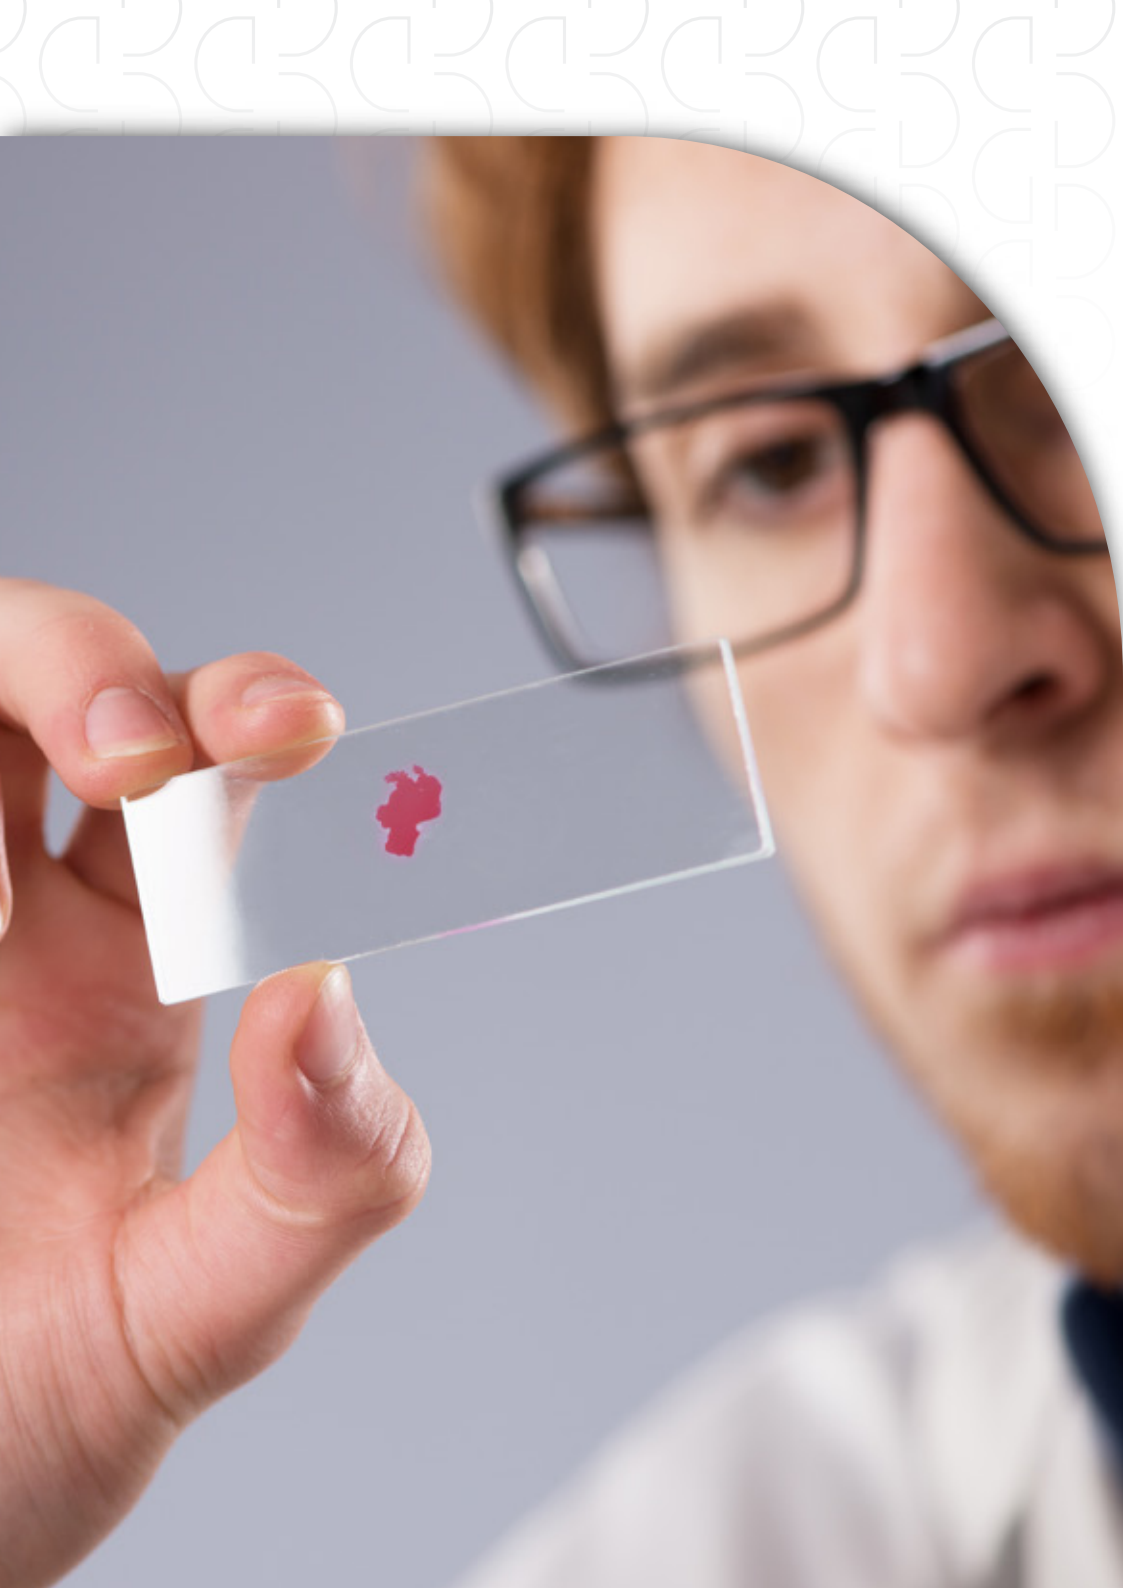

DIAD

Dubai International Academy
of Dermatopathology

The High Power
of Low Power

About

- ▶ The first and only Dermatopathology Academy in the Middle East
- ▶ World's inspiring leaders and legends of the field
- ▶ Outstanding scientific program, workshops and Master classes
- ▶ Training fellows and residents for Board exams
- ▶ DIAD is the twin of DIAL . Certificates and CME hours are independent for each event
- ▶ DIAD is associated with the International Society of Dermatopathology (ISDP)

The Faculty

Prof. Lorenzo Cerroni
Director of Dermatopathology,
Medical Univ. of Graz,
Austria

Prof. Omar Sanguenza
Director of Dermatopathology,
Wake Forest University, North
Carolina, USA

Prof. Luis Requena
Chairman of Dermatology dept.
Jimenez Diaz Foundation,
Autonomous Univ., Madrid, Spain

Prof. AbdulAziz Al Ajlan
Chairman of Pathology dept. King
Abdulaziz Med. City,
Riyadh, KSA

Dr. Humoud Al Sabah
Director of Dermatopathology
Asaad Al Hamad Dermatology
Center, Kuwait

Dr. Reem El Bahtimi
Consult. Pathologist & Dermato-
path. Medical director, Dermpath
Consult, Dubai, UAE

Dr. Ashraf Reda
Consult. Dermatologist.
Mediclinic Welcare Hospital
Dubai, UAE

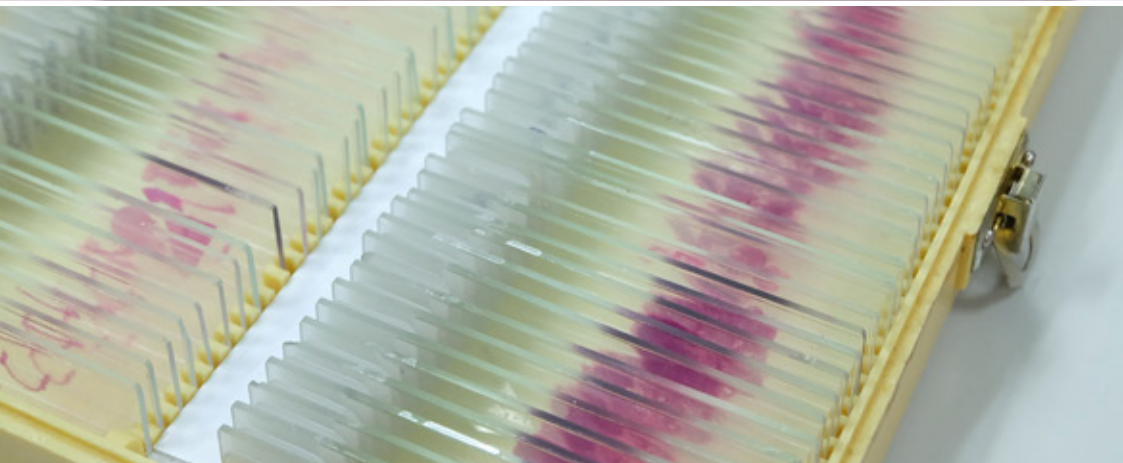

Dr. Mohamad Buraik
Consult. Dermatologist & Derma-
topath. King Fahad Central
Hospital, Gizan, KSA

Subjects

- ▶ Major titles of dermatopathology (basic/advanced)
- ▶ Clinicopathological correlation
- ▶ Self-assessment sessions
- ▶ Tips for Board exam preparation by examiners
- ▶ Guidance for Fellowship by program directors
- ▶ The most challenging slide of **DIAD** - ICPC (International Case Presentation Competition)
- ▶ **DIAD** Exclusive Features (to be announced soon)

Workshops & Master Classes

- ▶ Highly specialized practical sessions
- ▶ Focused on training residents and fellows
- ▶ Refining systematic workshops for small groups
- ▶ Comprehensive preparation for Board exams
- ▶ Guidance by professional instructors

DIAD - ICPC

- ▶ DIAD International Case Presentation Competition
- ▶ A competition to present the most challenging histological case
- ▶ Presented cases will be evaluated by a committee of experts
- ▶ The winner of best presented case will be appraised with a valuable prize
- ▶ Terms & conditions of participation will be posted on the website

"Of all human endeavors, none provides greater possibilities for fulfillment than the profession of medicine, and of all the specialties in medicine, none is more challenging and edifying than pathology."

*Ackerman AB. finding figure in Dermatopathology
(1936-2008)*

Dubai International Academy
of Laser & Aesthetic Dermatology

The Art & Science
of Beauty

About

- ▶ World's inspiring leaders and legends of the field
- ▶ Outstanding scientific program
- ▶ Numerous Workshops & Master Classes for intensive training
- ▶ **DIAL** is the twin of **DIAD**. Certificates and CME hours are independent for each event.
- ▶ **DIAL** is associated with the European Society for Cosmetic & Aesthetic Dermatology (ESCAD), and the European Society of Laser Dermatology (ESLD)

The Faculty

Prof. Ibrahim Galadari
Professor of Dermatology, UAE University. Founder & Chairman of Dubaiderma

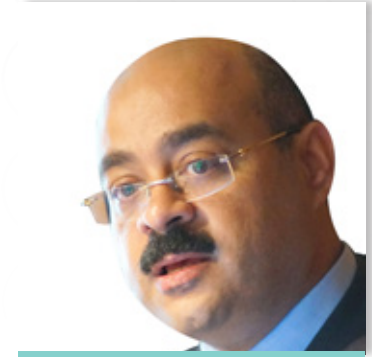

Prof. Leonardo Marini
Laser Prof, Univ. of Siena, Parma & Verona, Italy. Chair of Task Force for laser derma of EADV

Prof. Alessio Redaelli
Founder, Medical Aesth. Society. Univ. of Padova, Milan Italy

Prof. Peter Bjerring
Medical Director & Head of Laser, Molholm Hospital, Vejle, Denmark

Prof. Ashraf Badawi
National Inst. of laser, Cairo Univ. Egypt. Laser Consult. Ontario, Canada. Vice Presid. of ESLD

Dr. Sabine Zenker
Consult. Dermatologist & Dermatologic Surgeon. Founder, Dr.Zenker Clinic, Munich, Germany

Dr. Koenraad De Boulle
Consult. Dermatologist & Dermatologic Surgeon. Director of Aalst Clinic, Belgium

Dr. Raj Acquilla
Founder, RA Academy, London. UK Ambassador & Global leader in facial aesthetics

Dr. Alaa Aref
Consult. Dermatologist & Dermatologic Surgeon. Security Forces Med. Center, Jeddah, KSA

Subjects

- ▶ Laser from basics to state-of-the-art
- ▶ Essential & advanced injectables techniques
- ▶ Dealing with complications of injectables
- ▶ Non-invasive facial & body contouring (Lipolysis, threads, ..etc)
- ▶ Challenging cases in aesthetic dermatology (Records by experts)
- ▶ The most inspiring slide of **DIAL**- ICPC (International Case Presentation Competition)
- ▶ Concepts of smart marketing & branding
- ▶ **DIAL** Exclusive Features (to be announced soon)

Laser Master Classes

- ▶ Optimizing parameters according to the skin type
- ▶ Laser-assisted skin tightening
- ▶ Scar revision and remodeling
- ▶ Laser protocols for pigmented lesions
- ▶ Latest trends in combining rejuvenation technologies

A close-up photograph of a medical professional, likely a doctor, wearing a white lab coat and a white surgical mask. The doctor is holding a syringe with a green plunger and a needle, containing a green liquid. The background is a light blue and white pattern of repeating 'D' and 'A' characters.

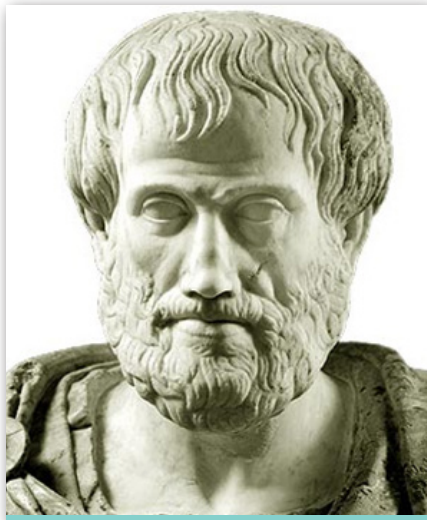

Injectable Master Classes

- ▶ Hands-on, small groups training
- ▶ Basic anatomical considerations
- ▶ Periocular, midface & lower face enhancement with BTX and fillers
- ▶ Medical rhinoplasty
- ▶ Lipolysis and body contouring
- ▶ Threads & other non-surgical face lifting

*DIAL - ICPC

- ▶ *DIAL International Case Presentation Competition
- ▶ A competition to present the most challenging or inspiring case
- ▶ Presented cases will be evaluated by a committee of experts
- ▶ The winner of best presented case will be appraised with a valuable prize
- ▶ Terms & conditions of participation will be posted on the website

"The aim of art is to represent not the outward appearance of things, but their inward significance."

*Aristotle. Greek philosopher
(384-322 BC)*
